Street trees are an important part  
of your local neighbourhood and add  
value to your home and community.

Council is pleased to offer you two tree species to  
select from, which have been chosen based on:

- local neighbourhood character
- the ability of the tree to survive and thrive in the local environment
- available planting space, and any water/gas/electricity services located above or below ground
- the contribution the type of tree would make to sustainability and local biodiversity.

# Street Tree Renewal

## Ward Drive

The street trees in your area have been  
selected for renewal in 2022-23. Have your say  
online at [engage.whittlesea.vic.gov.au/strp](https://engage.whittlesea.vic.gov.au/strp)  
or by completing and returning the enclosed  
questionnaire.

Each year Council undertakes the Street Tree Renewal Program to ensure that trees throughout the municipality are of a high standard and that the types of trees planted add character and appeal to the area.

Your street has been selected as part of the program, with renewal works set to be completed by end of June 2023.

Please let us know which species you would prefer planted. Tree options for your street are listed below.

### Option 1

#### Red Maple

*Acer Freemanii 'cultivar'*

Large, domed deciduous tree with fantastic red Autumn foliage and a great shade tree. It has a brilliant, red-orange colour in winter.

##### Features:

- Green, deeply lobed leaves turn an intense red in Autumn
- Great shade tree, ideal for streets and avenues.

### Option 2

#### Wilga

*Geijera Parviflora*

A slow growing small tree with attractive pendulous foliage which have a strong scent when crushed. The winter to spring flowers are cream and musky scented.

##### Features:

- Glossy dark green leaves and drooping branches
- Small white flowers in loose panicles in winter to spring and spherical fruit containing a shiny black seed.
